

WORLD CLASS ABRASIVES

WORLD CLASS ABRASIVES

MaxAbrase is bringing you innovative abrasives of the **highest quality, durability and longevity**. Our products are produced by niche manufacturers in Europe and North America.

The MaxAbrase range is designed to give superior value, by improving performance, reducing operator fatigue and literally "**cutting your abrasive costs**". All discs are made to exacting global standards and carry approvals from certifying facilities such as OSA and MPA Hannover.

MaxAbrase is distributed exclusively in Australia by Sheffield Blades and joins our premium Brands **Sterling** (Cutting Tools) and **Alpha** (Power Tool Accessories) as leaders in the Australian market.

MaxAbrase abrasive products are trusted by industry professionals and used daily in industries such as manufacturing, shipbuilding, stainless steel fabrication and automotive refinishing.

MaxAbrase is Australia's fastest growing abrasive supplier. Get on board - Ask us today how you can benefit from our premium abrasive products.

PREMIUM PRESENTATION

Maxabrase Abrasives are available in bulk and retail packaging options, to satisfy the requirements of all users and distributors.

From attractive single pack hanging blister cards, to bulk cartons of 500+ discs, we have all your needs covered.

OSA & MPA CERTIFIED

Maxabrase abrasives are manufactured to exacting standards, including OSA and MPA certification.

OSA certified manufacturers carry out strictly controlled internal testing and certification of their products, to ensure they meet and pass the **highest manufacturing standards worldwide**.

MPA certified manufacturers have their products tested and certified in a strictly controlled laboratory at the MPA facilities in Hannover, Germany, ensuring they pass the strict **European safety standards**.

STOCK REMOVAL TESTING OF FLAP DISCS

TRIALLED & TESTED

At Sheffield Blades, we have an internal **testing laboratory** for product testing and comparisons, ensuring all products are thoroughly tested, reviewed and compared to other manufacturers products before market release.

Only products of the **highest quality** in their class are included in the Maxabrase abrasive range.

Trust in Maxabrase. With Maxabrase abrasives, you can be assured that the disc you use will have the highest quality, durability and longevity features available.

an eye for perfection

CUTTING DISCS

BULK

XTRA GOLD SERIES II:

- > High Quality, Stainless Steel grade cutting discs
- > Well balanced, neither too hard or too soft to deliver the ultimate cutting performance and edge finish
- > Lower heat generation
- > Lower machine load extends tool life
- > Lower material loss
- > Narrow cutting joints
- > Stainless steel and general metal cutting
- > Xtra Balance
- > Xtra Life
- > OSA Approved

SILVER SERIES:

- > Excellent quality Stainless Steel grade cutting discs
- > MPA Tested in Hannover Germany
- > Manufactured to EN12413 Standards
- > Well balanced discs
- > Long lasting and suitable for all general purpose and stainless steel cutting

R TYPE RESIN FIBRE DISCS

BULK

> R Type plastic roll on backing plate

ALUMINIUM OXIDE:

- > All Purpose discs
- > Good performance and overall economy
- > Cost effective stock removal
- > Excels in a wide variety of applications

ZIRCONIA:

- > Premium Zirconia grit for ultimate grinding performance
- > Advanced bonding formulation provides cool grinding action
- > Cooler running extends disc life
- > Suitable for high production applications in all industries

CERAMIC:

- > Suitable for aggressive grinding and maximum stock removal
- > Suitable for stainless steel and other hard materials
- > Reduced heat build up
- > Advanced technology grinding for maximum performance

R TYPE GRINDING DISCS

BULK

- > R Type plastic roll on backing plate
- > **Grain is fused directly to polymer backing**
- > One piece design prevents risk of detaching
- > **40% better performance and overall economy**
- > **Use wet and dry**
- > See page 22 for R Type holders

ALUMINIUM OXIDE:

- > Cost effective stock removal
- > Excels in a wide variety of applications

ZIRCONIA:

- > Premium Zirconia grit for ultimate grinding performance
- > Advanced bonding formulation provides cool grinding action
- > Cooler running extends disc life
- > Suitable for high production applications in all industries

CERAMIC:

- > Suitable for aggressive grinding and maximum stock removal
- > Suitable for hard materials
- > Reduced heat build up

SANDING PADS & BLOCKS *max* **abrase**®

BULK

NON-WOVEN HAND PADS:

- > Premium non-woven handpads
- > Maroon - with aluminium oxide grit for precision surface conditioning
- > Grey - with silicon carbide grit for fine finish work

FLAT SANDING PADS:

- > Use for automotive, paintwork, metal and wood
- > Unique foam formula
- > Moulds easily to surface contours
- > Outperforms sandpaper
- > Crease resistant, non-cracking
- > Use wet or dry
- > Packed in display boxes of 20 pads
- > Size: 140 x 115 x 5mm

FLEXI-FOAM SANDING BLOCKS:

- > Dual grits for a wider range of applications and faster work
- > Individually wrapped and barcoded
- > Packed in attractive display boxes
- > Flexible and easy to hold
- > Outperforms sandpaper
- > Rinse and reuse
- > Small square blocks: 110 x 70 x 25mm
- > Large angled blocks: 125 x 70 x 25mm
